News Briefs

GDS to host Fall Festival Oct. 22

Glades Day School will host its annual Fall Festival and auction fundraiser Saturday, Oct. 22, on the school grounds.

Activities will kick off at 5 p.m. with the elementary costume parade on the football field. Trophies will be awarded for Most Original, Most Authentic, Best Halloween, Best Group, Theme and Best Overall Visitor's categories.

Food booths will open at 6 p.m., and the games will begin at 6 p.m. Kids (big and little) can take part in a shooting gallery, jailhouse, dunking tank, fish pond, basketball shoot, cake spin and other contests as well as munch down on hamburgers, hot dogs and baked goods.

A country store will feature all kinds of new and previously owned items ranging from crafts to clothing to produce. Anyone interested in donating to the Country Store may contact Sherry Carlson, Paula Pace or the elementary office at 936-5598 or 936-4140.

An array of items will be offered for sale to the highest bidder during the auction which begins at 6:30 p.m. The evening's climax will be the final drawing for the winner of a 1995 red Ford Mustang 2-door Coupe (fully loaded) sponsored by the school's Athletic Booster Club. Tickets for the car are available in the high school office or from any board member for \$100 each.

Proceeds from the carnival and auction will go towards the school's general fund and various classes and organizations at the school.

Benefit fish fry

There will be a benefit fish fry with all the trimmings on Oct. 22, beginning at 11 a.m., at the Pahokee Elks Lodge, Number 1638.

The event is for Melissa Miller Abner and donations are \$5. Tickets are on sale and can be purchased from any Elks member or purchased at the door.

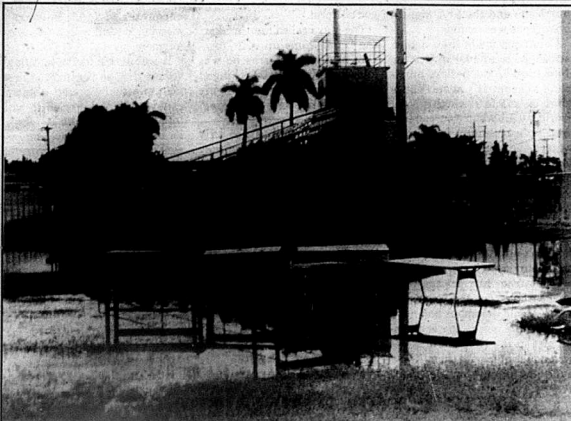

Please call Carolyn at 924-7727, for more information.

Meet the candidates

Glades residents are invited to meet the candidates during an "Old Fashioned Meet the Candidates" rally on Friday, Oct. 14, from 3 to 6 p.m. in the Clewiston city park.

Featured candidates will include Jeb Bush, candidate for governor, as well as other state, district and local candidates who will appear on the Nov. 8 ballot. Candidates will have five minutes to speak to the voters and will be available to talk one-on-one.

A barbecue dinner will be available while they last. Advanced dinner tickets can be purchased at Fry Hardware in Clewiston or Ace Hardware in Labelle. This event is sponsored by the Hendry/Glades County Republican Executive Committees.

High water tables...A wetter-than-normal October has left standing water all over the Glades. This field near the bleachers at Glades Central High School has several inches of standing water.

Palm Glade Day Care vandalized

"I wouldn't think someone would do this to a school that serves the public"

Sylvia Walker, 4-5 year old teacher

Tammy Jackson
Staff Reporter

A school is a place of learning, however, someone thought it was meant as a place fit for destruction.

Oct. 9 was Columbus Day and the Palm Glade Day Care Center was closed for the holiday. When Sylvia Walker opened the center Tuesday morning, what she saw brought tears to her eyes. The center had been broken into and the entire building was trashed.

Paint and excrement had been smeared on walls, bulletin boards, floors, tables and indoor play equipment. Computers were covered with paint and glue. The mess was described to resemble that of a

"shack".

Functioning under the direction of the Division of Headstart and Children's Services of Palm Beach County, the center is managed by Betty J. Caldwell.

Mrs. Caldwell said when she received a phone call from Ms. Walker informing her of the break-in, she immediately informed her to contact Palm Glade Security personnel and the sheriff's department.

When students began arriving to the center, they had to be turned away.

Mrs. Caldwell said as far as she can determine at this time, nothing is missing from the center. She said she estimates the damage to be over \$30,000. It is unknown when the cen-

ter was vandalized because of the long weekend.

One parent was outraged because of the incident and said "that goes to show you about the security at Palm Glade." Security personnel at the complex would not comment on the break-in.

Mrs. Caldwell said she is unsure when the center will begin to receive children again. "This is going to take some days of cleaning," she said.

According to Mrs. Caldwell, the complex's maintenance staff, the center staff, and the building service of Palm Beach County will assist in the clean up.

"I started screaming when I saw the mess," said Ms. Walker. "I was scared because I thought someone might still be in the building. I just stood there and cried."

The Palm Glade Day Care Center services 81 children, ages 3-5.

Foul play suspected in death of elderly man

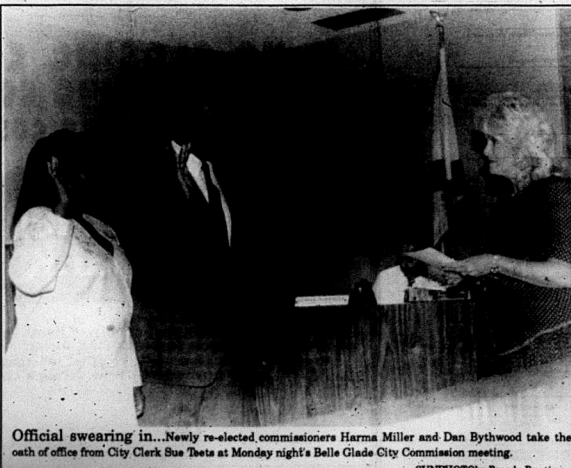

Tammy Jackson
Staff Reporter

An elderly Pahokee man was found dead inside his home Oct. 9 after neighbors expressed concern for his welfare and called police.

Palm Beach County Sheriff's Department officials responded to 686 Frazier Court in Padgett Circle after neighbors had informed them they had not seen Herman Wilson, 77, for several days.

The neighbors indicated they were concerned about the man. Deputies discovered Wilson's body lying on the living room floor. According to PBSO Detective Sgt. John Russ, Mr. Wilson died of blunt trauma and foul play is suspected.

The case was turned over to the detective bureau, and the body was taken to the Palm Beach County Medical Examiner's Office where an autopsy was done to determine Mr. Miller's exact cause of death.

Official swearing in...Newly-elected commissioners Harma Miller and Dan Bythwood take the oath of office from City Clerk Sue Teets at Monday night's Belle Glade City Commission meeting.

Pahokee athlete shot dead during a.m. disturbance

Tammy Jackson
Staff Reporter

A well-known athlete was shot in the back Saturday, Oct. 8, after a disturbance at a bar escalated into murder in the City of Pahokee.

According to Palm Beach Sheriff's Department reports, a disturbance was reported at the Streamline Bar, however, it is unknown why there was a confrontation or who was involved. Spectators and those participating in the ruckus gathered at Fourth St. and Rardin Ave. and a fight commenced between unknown persons.

The crowd and the fight ended up near the now closed Florida Bar which is located on the same street.

Aaron Bell, 19, allegedly brandished a gun and shot Edwin M. Harden in the back.

Harden was taken to Everglades Regional Medical Center, Pahokee, where he died as a result of the gunshot wound.

PBSO reports stipulate it is unsure of the number of times Harden was shot.

Also injured in the fight was Franklin Washington, who was stabbed in the back. He was taken by Trauma Hawk to St. Mary's Hospital where he was listed in stable condition. He informed deputies he is unsure who actually stabbed him.

Bell has been charged with one count of first degree murder.

Bell and Harden were teammates on the Pahokee Blue Devils football team. Bell had previously been removed from the team, and Harden was not playing because of grade ineligibility.

Both Bell and Harden were students at School of Choice, Pahokee.

Counselors and psychologists were at Pahokee Middle School and School of Choice Monday to help students deal with the tragedy.

A memorial service for Harden will be held Saturday in the Pahokee High School Gym.

Konchellah to step down as N.A.A.C.P. president

Larry Konchellah

Glades Area President of the N.A.A.C.P., Larry S. Konchellah, announced that a general election will be held to elect the new executive board on Saturday, Oct. 29. The place and time will be announced at a later date.

President Konchellah said he does not plan to run for president again. "Having been elected for the last three consecutive terms, I think I have paid my dues. It's therefore time for

the people to choose another leader who will continue to fulfill the N.A.A.C.P.'s national mission by addressing issues concerning discrimination in the areas of housing, education, employment and economic/political development of minority groups in America."

Mr. Konchellah said he has enjoyed serving the Glades communities and feels he has affected a great deal of change during his tenure.

"I hope my successor will continue to work cooperatively with other Glades organizations and community leaders to continue to make our lake communities a better place to live," he said.

Mr. Konchellah has recently been chosen to serve on the board of the Suncoast Chamber of Commerce. He will be sworn in at the 11th annual Awards and Installation Banquet on Saturday, Oct. 15.

U.S. Sugar honors 917 Agriculture Department employees

More than 900 employees of the Agriculture Department of U.S. Sugar Corporation have set a new record for on-the-job safety by working 1.75 million hours without a lost-time accident.

Company President J. Nelson Fairbanks honored the employees at a pre-harvest safety conference Thursday, Oct. 6, and presented each one with a commemorative jacket. The safety record was the best of any department in the company's 65-year history.

Walter Parker, Director of Agricultural Operations, said the safety record of the department, which included winning the Sugar Industry's Safety Award for the past two years, has reduced the company's worker's compensation cost from nearly \$2 million in 1989 to approximately \$250,000 this year.

"This is a measure of tremendous improvement by every individual employee, Mr. Parker said.

Mr. Parker said that overall there was a 32 percent

decrease in all accidents during the same time period. He said some departments of the farming operation had even better individual records. He died one farm with 23 employees that hasn't had a lost-time accident in five years. A lost-time accident is one in which an employee misses eight hours or more work as the result of an accident.

Mr. Fairbanks said the safety record of the Agriculture Department is a prime example of the outstanding achievements of the employee-owners of U.S. Sugar who are constantly striving to improve their individual operations and contribute to the company's overall success.

Every department at U.S. Sugar conducts weekly safety meetings, led by a safety committee. This emphasis on safety by company-wide has created an awareness and even competition among departments, Mr. Fairbanks added. "It's a program that works to help the company as well as employees."

The new season set to open at Dolly Hand Cultural Arts Center

By Maria Wise Miller
You can just feel it. Everyone is returning from vacations. Schools are in full swing. Farmers are starting to plant and mills are getting ready for the new harvest. At the Dolly Hand Cultural Arts Center, our new season is set to open this Sunday, Oct. 16, with an outstanding play, "ON GOLDEN POND".

This is a story that touches the

hearts of people of all ages. A crotchety old man, Norman, is getting older by the minute and fears losing his independence. He and his wife take their summer vacation to their house on Golden Pond when they hear from their daughter. She has a new boyfriend and they want to go away, but there is one small problem. The boyfriend has a young son and they don't want to

take him with them, so she asks Norman to keep the boy.

Now this kid knows his boat is damaged and is not happy about spending his summer with a grumpy Norman. But they learn to respect each other and a few other important lessons along the way about love, relationships, family, growing old and growing up.

Following close on the heels of god of storm.

The Maya called him Jurakan, the Galibi came up with Yuracan, and in Honduras he was known as Kukulkan. Looking at those names it is easy to figure out where the term "hurricane" came from.

The Indian tribes not only respected their storm god they tried to please him as well, hoping he would be happy and stay away. The Maya took the more traditional route of human sacrifices.

The Kukulcan, however, thought music would soothe the savage beast. When the winds of a hurricane approached, they would sound trumpets and beat drums in an effort to send the storm away.

Columbus, on the other hand, just tried to get out of the storm's way. After that first

this outstanding play, the Dolly Hand Cultural Arts Center presents the comedy of CHICAGO CITY LIMITS.

For anyone who is a fan of stand-up comedy, Saturday Night Live, and the popular comedy clubs, this show is for you!

CHICAGO CITY LIMITS will be at the Dolly Hand Cultural Arts Center on Saturday, Oct. 29, and with Halloween just around

the corner it, will be a great way to celebrate.

Tickets for the entire series of great performances at the Dolly Hand are still available and are the best way to save money and assure yourself the best seats.

For more information, call the Dolly Hand Cultural Arts Center at 992-6160.

Tickets are \$15 for adults and \$5 for students and series.

Christopher Columbus made two discoveries in the world of meteorology

By Mike Lyons
In 1492 Christopher Columbus sailed the ocean blue. It is an old rhyme that you probably learned as a youngster, a rhyme that helped you remember an important date in history.

We all know that Columbus discovered the New World but he also made two discoveries in the world of meteorology. He was the first white man to see a

hurricane and the first man to predict one was coming.

Columbus made that voyage across the ocean blue in October 1492, close to the peak of hurricane season. It's remarkable that he made it to the New World at all when you considered he was sailing in foreign waters and could have encountered a storm unlike anything he or any other European had ever seen.

He didn't, at least not in this voyage. There were no hurricanes in 1492, or the next year. It wasn't until 1495 that he first saw a hurricane.

Of course, hurricanes had been around for thousands of years. While Columbus had never seen one before the Indians he met in the New World were well acquainted with them. They even had names for the great

encounter in 1495, he wasn't messing around with hurricanes anymore.

It was on his fourth and final voyage that he became the first man to actually predict a hurricane. In 1502, he tried to sail into the port of Santo Domingo, located in present-day Dominican Republic. The Governor of the island, Nicolas de Ovando, didn't like Columbus and refused to allow him to come into the port. Columbus sent a message to the Governor that a big storm was coming and recommended that Ovando protect his own ships.

Ovando, ignoring the warning, dispatched a fleet of ships loaded with a fortune of gold back to Spain. Two days later the storm hit sinking most of the Governor's ships. Columbus found an inlet along the coast to protect

his ships from the hurricane.

It's still not clear what Columbus saw that led to this prediction of a hurricane. In his log, he describes cirrus clouds, suspiciously smooth ocean waters and an increase in manatees and dolphins. He also wrote that his bones were aching a lot more than usual.

Whatever it was Columbus was right. And very lucky. Not only did his fleet survive the hurricane of 1502, Columbus made some money on the storm.

Only one of Governor Ovando's ships made it through the hurricane and back to Spain. The ship was called the Aguja. The ship carried one cargo: Columbus' four thousand pieces of gold.

Mike Lyons is the weatherman for WPBF, Channel 25.

anxiously waiting the answer to the biggest question of the season - just how much citrus can we expect in the 1994-95 season?

If you want to be in on the excitement when the USDA announces its estimate of the 1994-95 Florida citrus crop, make plans now to be at Florida Citrus Mutual on Oct. 12.

Mutual will have an open telephone line with the USDA in Washington, D.C. for the 3 p.m.

crop forecast.

The estimates will be written on a bulletin board as they're reported to Mutual officials.

"With the recent release of the commercial tree inventory indicated overall acreage increases, it will be interesting to see what the USDA predicts about the size of this season's Florida citrus crop," Mutual Executive Vice President/CEO Bobby F. McKown said. "Up or down, we won't know for sure until we get the

official estimate."

Growers, the media and anyone interested in the Florida citrus industry are welcome to attend.

The telephone link to the USDA will be established in the A.B. Michael Auditorium, upstairs in Mutual's headquarters, 302 S. Massachusetts Ave., Lakeland.

For more information, contact Bobby F. McKown or Shannon Ross at (813) 682-1111.

Glades Area Migrant Housing Coalition

The Glades Migrant Housing Coalition will hold its next meeting on Oct. 13, at 10 a.m. at the Clewiston Inn on U.S. Highway 27 in Clewiston.

The Glades Area Housing Coalition is an association of growers, worker advocates, federal, state and local government agencies, housing proders and

concerned individuals. Our common interest is the housing safety and health of migrant agricultural farm workers in South Florida.

Brazil Anderson, representing the City of South Bay, will be the guest speaker and will talk about the closing of South Bay Growers and its impact on the

South Bay agricultural community. The results of the Southeast Florida Migrant Housing Survey will also be discussed at this meeting.

All interested persons are welcome to attend. For more information, contact Andrew Esposito at (813) 983-8141, Ext. 2149.

Blood Bank's schedule

The Palm Beach Blood Bank Bloodmobile is permanently stationed in the Lake Okeechobee area to visit groups and organizations in Western Palm Beach County. The bloodmobile travels to Everglades Memorial Hospital in Pahokee the first and third Wednesday of every month from 1:30 to 4:30 p.m.

In addition, the bloodmobile visits Glades General Hospital in Belle Glade the second and fourth Wednesday of every month from 1 to 4 p.m. Special arrangements can be made for individuals or groups who wish to donate, but are unable to do so during regular

hours. The Western Palm Beach County area also sponsors Palm Beach Blood Bank drives at various locations each week. All drives are open to the public.

The Palm Beach Blood Bank offers free blood cholesterol level screenings for all donors. For more information, please call (813) 983-8855.

The Palm Beach Blood Bank will welcome donors at the following locations this week: Tuesday, Oct. 18, West Tech Education Center, 2625 State Road 715, Belle Glade, noon to 1:30 p.m.; Tuesday, Oct. 18, Health Dept. of Palm Beach County-Glades, 38754 State Road 80, Belle Glade, 2:30 - 4 p.m.

Get all the dirt

Get the lay of the land and a better understanding of the area's soil resources at the 7:30 p.m., Tuesday, Oct. 18, meeting of the Sierra Club.

Diane Neill, director of the Palm Beach Soil and Water Conservation District, will discuss the protection, appropriate uses, and ways to identify

the county's various soil types.

The program will address the depletion of rich muckland in the Everglades Agricultural Area and Lake Okeechobee communities.

The Sierra Club meetings are at 7:30 p.m. every third Tuesday of the month at the Okeechobee Park Nature Center, 7715 Forest Hill Blvd., West Palm Beach. For more information, call Harvey Rosenfeld at 407-790-2133 or Jim Ostrander at 627-1943.

Spaghetti supper offered at Canal Point church
Members of the Canal Point

United Methodist Church are planning a spaghetti dinner and bake sale on Saturday, Oct. 15, from noon until 4 p.m.

The dinner will include spaghetti, salad, garlic bread, dessert, and a drink for a donation of \$5 adults, and \$2.50 for children.

Dine in or take-out is available.

The church is located on the corner of Highway 441 and Second Street, Canal Point. Proceeds from the event will be used for the ladies in the church who are going on spiritual retreat.

David Blakemore, R.N., is Staff Builders Home Health Care Services, September Employee of the Month.

We are so privileged to have David here in our Glades, he loves the people and they in turn love him. His caring for his patients is something I wish everyone could see. David is very compassionate and emotionally supportive to both patients and family in crisis.

David worked five years in Las Vegas, where he worked as a High Tech Home Health Nurse before coming to Palm Beach County. Our Belle Glade Office is very proud to have him on staff. Our goal is to provide the best quality care for every patient, and David reaches our goal.

Oct. 9-15 is Fire Prevention Week

By Pahokee Fire Chief Gary Burroughs

Fire Prevention Week is upon us again and to some the message of fire safety has been chiseled into our very nature. Some of us are very aware of fire safety and are careful by nature and not by thought. We even forget that there are still those who do not think of the destructive power of fire and wind.

There are still those who have not yet heard of "The Great Chicago Fire" of Oct. 9, 1871. That fire, which

killed some 300 people and left 100,000 homeless, burned more than 2,000 acres in 27 hours. We use this to remind ourselves of the importance of fire prevention in our community.

The City of Pahokee's mayor, Ramon Horta, has signed a proclamation recognizing the importance of smoke detectors in our homes and the need to maintain the batteries in the smoke detectors.

Mayor Horta has called upon the people of the City of Pahokee to participate in fire prevention activities in

the home, school, and work place.

I encourage parents and child care workers to teach children about fire safety. Children are often left at home because parents work. Children have been known to put plastic bowls in a hot oven to heat food and other things that cause untoward damage to homes.

I also encourage parents to report a child who has a problem with playing with fire. There are programs available through our department that could help. See **Fire Prevention**, page 5

Letters to the editor

Expansion and improvements will be boost to Belle Glade

Dear Editor:

As Mayor of Belle Glade, I am pleased with the action taken by the Palm Beach County Commission yesterday regarding the expansion of Palm Beach County's jail facility, Health Clinic, the addition of an AIDS clinic, and the other improvements at the West County Government Center.

These projects constitute approximately \$19 million in construction which will be a tremendous boost to Belle Glade's economy. The anticipated employment during the one and one-half years of construction will mean added jobs for our residents, and the year-round jobs that will become available once the project is completed will have a very positive impact on the area.

The city is extremely fortunate to have funding in place for the North Main Street Wastewater Facilities Expansion Project. Not only will this project provide the necessary services for the proposed facilities at the Government Center, but also it will assist the city in future development.

It is extremely advantageous to the City of Belle Glade to construct a new sewer line on North Main Street and Avenue L so that present and future businesses will have the opportunity of tying into the City sewer system. Currently, they do not have that capability. Expanding our wastewater transmission facilities will be an asset to Belle Glade's future economic development plans.

J. Stephen Weeks
Mayor of the City of Belle Glade

Crimestoppers

Rodney L. Lowe

Crime Stoppers of Palm Beach County, Inc. is asking for your help in locating Rodney L. Lowe who is wanted for failure to appear on charges of battery on a police officer, trespassing, resisting or obstructing an officer without violence, reckless driving, driving with a suspended driver's license, and leaving the scene of an accident. He is also known to resist arrest. He is 19 years old, 5' 6" tall, weighing 145 pounds. He has black hair and brown

eyes and has a scar on his chest and gold teeth. His last known address was 4667 Clinton Blvd., Lake Worth. His Social Security number is 267-551502. Police say he has no known occupation. His warrant was active as of Oct. 3, 1994. If you know the whereabouts of King, or anyone involved in a serious crime, call Crime Stoppers, 1-800-458-8477. You do not have to give your name. Remain anonymous and receive a cash reward if your tip leads to an arrest or recovery of stolen property.

"FOR TODAY'S WEATHER... THERE'S A TEN PERCENT CHANCE IT WON'T RAIN."

Guest Commentary

Glades invited to participate in "Walk For Life"

Mary Kannel

By Mary Kannel
Client Service Coordinator for the Comprehensive AIDS Program, Belle Glade

Life is a terminal illness. For some it is long and fruitful, with qualities abounding. For others it is fraught with pain and sadness. For most it lies somewhere in between.

Decisions made today are usually in consideration of our future, our distant future. High school graduation, career choices, marriage, mortgage, children, children's college graduation, grandchildren, retirement. At least that's the plan.

Then something happens, something of a magnitude that causes us to rethink life's priorities, restructure our plans,

reconsider our values. Maybe that something is a fatal car accident involving a parent or brother or a child. Or maybe we lose a loved one in the sands of the distant desert. Or just maybe that loss is the result of a moments unthinking intimacy.

October is AIDS Red Ribbon Month. For our community this has a special significance. Certainly we have been branded nationally in the recent past as "The AIDS Capital of the World." If this was ever even remotely accurate, it carries no truth today. Of course AIDS is a significant health issue in the Glades, but it doesn't make us special.

Every little town and every big city in these United States is fighting the same fight. Perhaps the measure of our communities' character is in how well we have addressed the problem, brought the concerns surrounding HIV and AIDS into the light, and succeeded in attaining a level of community awareness and education well above most other American cities and towns.

During this month there are a number of activities intended to heighten awareness of and sensitivity to issues faced by

people infected and affected by this disease.

The community is invited to participate in the annual WALK FOR LIFE to be held Oct. 23, at 1 p.m. on Flagler Drive in West Palm Beach.

In an unprecedented demonstration of cooperation and concern, area churches are addressing their congregations with details on how to participate in and support this year's walk. Join Sesame Street's Cookie Monster in the WALK FOR LIFE.

The Comprehensive AIDS Program plays a key role in assisting the Glades area residents to understand HIV/AIDS issues.

In conjunction with HIV Prevention, Palm Beach County Public Health Unit, local physicians and community agencies, The Comprehensive AIDS Program offers information on prevention, treatment, counseling and case management for infected individuals and their families.

For information on the WALK FOR LIFE, or other October events throughout Palm Beach County, or any HIV/AIDS related concerns, call The Comprehensive AIDS Program (CAP) at 996-7059.

Ask Dr. Boltson

Dr. David Boltson is the associate director of the Western Palm Beach County Mental Health Clinic in Belle Glade, and is a licensed psychologist in private practice in Lake Worth.

free country!"

Fresh: (feeling strong urges to violence) "The only thing that's gonna be free, is your teeth from yer ugly mouth!"

JC: "Yo, yo, yo chill man! I'm jus' playin' wit' you."

Fresh: (controlling an urge to seriously hurt JC) "Well, I don't play that way!"

JC: (laughing) "no, serious man, I like yo mama. I wanna help her. Like yo wanna know how yo mama can lose ten pounds of ugly fat?"

Fresh: (steaming mad) "Watch it!"

JC: (laughing) "She can cut off her head!" HA HA HA!

Fresh: "I told you I don't play suckall!" BAM! BAM! BAM! (at this point, Fresh is too weak to control himself, and so he pulls out a .22 he's been packing, and shoots JC several times in the head, killing him.)

Fresh runs away from the scene and goes into hiding in another state for two years -

always looking over his shoulder, and trusting on one. Eventually, he gets picked up for a misdemeanor violation by the police.

When they run his prints, they find out he was the one who murdered JC and he is sent to jail for life. He didn't want to be on the run or in jail, but he was too weak to control his anger in a way that regular people are able to do every day. Killers are wimps.

If you would like to anonymously inquire about issues regarding yourself or your acquaintances, you may do so by writing to Dr. Boltson. You don't even have to give your name or address. Just mail all questions to:

Fire Prevention

Continued from page 4

in dealing with the child's problem without professional help and it might save your life.

Civic organizations, clubs, schools, and child care facilities may ask for fire prevention information or for a Pahokee Fire Department demonstration. Schools may schedule station visits for classes. Our department teaches fire prevention year-round and will accommodate visits almost anytime. Just don't look for them to stick around if a fire call comes in.

I have been with the Pahokee Fire Department for 12 years. In that 12 years there have been four deaths that can be recalled. That is four too many.

We currently teach fire prevention to elementary

grade students and others upon request. It is our goal to have a fire safe community. Education is the only prevention tool widely available to teach people the dangers of fire.

Smoking materials, matches, lighters, kerosene heaters, electric heaters, barbecue grill fires, welding/cutting operations, improper electrical wiring, improper automotive repairs or maintenance, and unsupervised cooking are only a few of the causes of fire.

Most things, in and of themselves, are safe. But when you add in the human element, it can become dangerous with improper handling or maintenance.

In 1992 there were 4,730 civilian fire deaths. About

78 percent of all U.S. fire deaths occurred in home fires. Nationwide there is a fire death every 111 minutes. There were 28,700 injuries of civilians, of which 21,100 occurred in the home. Firefighter deaths numbered 74 in that same year with 97,700 firefighter injuries.

We must teach and practice common sense fire safety precautions throughout the year and not just in October every year. It must be taught and practiced at home to be effective.

We are grateful for those who support the Pahokee Fire Department and our goals. It is our hope that the Glades communities will continue to help us in our effort to provide quality fire service.

Solid Waste Authority targets fluorescent lights and mercury containing devices for collection

THE SUN, Thursday, October 13, 1994-5-A

Residents of Palm Beach County are encouraged to bring fluorescent lamps, mercury, and other mercury containing devices (MCDs) to the Solid Waste Authority of Palm Beach County's (SWA) Household Hazardous Waste Facility (HHWF).

"Fluorescent lights have been identified as containing small amounts of mercury. In addition, there are several other types of devices used in the home that may contain mercury. These are: thermometers, switches, thermostats, and specialized lights known as HID's which include mercury vapor, metal halide, and high pressure sodium lamps. Even some tennis and sport shoes with lights, contain mercury. Residents may bring these items to the HHWF, along with other regularly collected household hazardous wastes," said Bob Madden, assistant director of hazardous waste programs.

Mercury is a known toxic metal and can cause long lasting harm if released into the environment. Florida has recently banned the incineration of MCDs. The HHWF will package these materials and ship them to specialized recyclers. Materials separated and recycled from MCDs include mercury, glass, aluminum, and phosphor powder.

Commercial generators of mercury containing lamps and MCDs are required to manage their own wastes and are not eligible to utilize the HHWF. However, the facility will provide a list of recycling contacts for commercial generators. This list is compiled by the State of Florida.

In addition, the SWA in cooperation with Florida Power and Light (FPL), is studying ways to collect light tubes from commercial businesses by conducting a pilot project under the direction of the State of Florida. This project will produce written guidance to all sectors

of Palm Beach County. The SWA's Household Hazardous Waste Facility is located at 6161 North Jog Road (north of 45th Street on Jog Road), West Palm Beach. The facility is open Wednesday, Friday, 9 a.m. - 5 p.m. and the second Saturday of each month, 9 a.m. - noon. Residents

may call 687-1100 for additional information.

The SWA is the public agency providing the county with a comprehensive and cost-effective system for solid waste disposal. SWA also contracts for garbage and recycling collection for unincorporated areas of the county.

Third annual Big "O" Lake Okeechobee Hike begins Nov. 19

Lake Okeechobee and the communities surrounding it will finally be "discovered" by other than bass fishermen during the Third Annual Big "O" Hike around Lake Okeechobee on top of the Herbert Hoover Dike. In 1993 the Hoover Dike was dedicated as part of the Florida National Scenic Trail.

Sponsored by the Loxahatchee Chapter of the Florida Trail Association, the 107-mile nine-day hike will begin on Nov. 19, at 8:30 a.m. at the Pahokee Campground and Marina in Pahokee.

The hike will end nine days later back at Pahokee. Anyone can participate and day hikers are welcome.

In 1992, 20 die-hard hikers began what has become a Thanksgiving week tradition. Last year, 100 people participated on the first day. By the end of the hike, thousands of dollars had been added to the local economies. This year the

sponsors expect hundreds of hikers to break through the starting ribbon and even more money will hopefully be spent locally for camping fees, motels, restaurants, supplies and on local attractions.

Hikers are encouraged to walk at their own pace. They can do a leisurely stroll and enjoy the views of the lake, wildlife, vegetation, or hike as fast as they care to.

Hikers can participate in the first day's "wimp" walk to Canal Point (three miles each way) or go all the way to Port Mayaca (12 miles) at the St. Lucie River. Day hikers, backpackers and campers will be there in record numbers. There is room for everyone. Transportation back to the daily starting points will be done by volunteer car pooling.

After the first day, participants will have the opportunity of hiking any day, or combination of days that will fit

their schedule. Thanksgiving dinner for the hikers will be at the Clewiston Inn. Reservations are required.

Overnight and through hikers have the option of using area camp grounds with their tents, vans, RV's or staying in local motels.

The Hoover Dike hides Lake Okeechobee from the road. The levee averages about 35 feet above sea level and completely surrounds the lake. It has a flat hardpack surface and is generally treeless.

Any type of comfortable walking shoe or boot can be used. Hikers should bring hats, sunblock, lots of water and whatever snacks or food they want. Clothing depends on the weather. It can be hot and humid, rainy, and even cool.

Anyone wanting more information or a registration form should call 407-588-1695 or 407-684-1168.

SunFest® co-sponsors benefit concert

SunFest® of Palm Beach County, Inc. - the non-profit organization that annually produces SunFest® - recently sponsored the Zora Neale Hurston Roof Garden Museum's grand opening benefit concert at the Dolly Hand Cultural Arts Center. The concert raised more than \$4,000 for the museum. Additional co-sponsors included Southern Bell, PACE (Performing Arts for Community and Education), the Florida Department of State Division of Cultural Affairs, and the Florida Arts Council.

The concert featured the 1993-94 PACE R&B Showcase Artist, "Ladies of Mystique". Winners of the Magic City Talent Search '92 and the coveted PACE/Pepsi R&B Showcase title for the 1993-94,

"The Ladies of Mystique" have opened for Jennifer Holiday (Black Expo '93), Solomon Burke, The Delphonics and Harold Melvin and the Blue Notes. They also performed for such celebrities as Robert Townsend and Charles "Rock" Dutton.

Cartheda Konchellah, the museum's president and chief executive officer, said, "We were very delighted that SunFest® and Southern Bell joined us in giving local artists an opportunity to showcase their talents. We hope SunFest® will continue to be a big supporter of the museum in the future."

The concert marked the start of SunFest's® 1994-95 community outreach program. SunFest is planning to undertake at least

seven other projects over the next year.

The Zora Neale Hurston Roof Garden Museum, Inc., is one of the first operational Black history museums in Palm Beach County and the only such non-profit enterprise with a publishing focus. The museum's mission is to change the way America looks at the achievements and contributions of people of African descent by undertaking community and cultural education initiatives.

SunFest®, Florida's premier music, art and water festival, is produced by SunFest® of Palm Beach County, Inc., a non-profit organization, and is a Tourist Development Council funded project. SunFest® '95 will be held May 3-7 along Flagler Dr.

Members of the Zora Neale Hurston Roof Garden Museum Board of Directors enjoyed an evening of excitement recently at the Dolly Hand Cultural Arts Center. Shown (left to right) are Earlyne Harrell, SunFest Executive Director Sue Twyford, Hurston Museum President Cartheda Konchellah, Board Member Ann Haskell, and Board Member and Palm Beach County Commissioner Maude Ford Lee.

GVE PTO sponsors Spirit Week

The Spirit Week
The Glade View Elementary PTO sponsored Spirit Week at the school. The week began on Monday with students and staff wearing school uniforms for Uniform Day. Tuesday was Western Day and Wednesday was Dress Up Day. Thursday was designated as Old-Fashioned Dress Day. A Parent Talent Show will be held at 9 a.m. today in the school's cafeteria.

Statewide conferences

for teachers

School will not be in session on Friday, Oct. 14. This day is a statewide staff development day. Four Glade View teachers will be attending the Social Studies Conference in St. Petersburg. Mr. Hagermann, Mrs. Turner and 11 GVE teachers will be attending the Florida Reading Conference in Orlando. A presentation on Parallel Block Scheduling will be made by Glade View teachers at this conference. It is entitled

"Enrichment for All". This is the second year that Parallel Block Scheduling has been implemented at GVE.

Early dismissal, Oct. 19

The next Early Dismissal Day at Glade View will be Wednesday, Oct. 19. Dr. Kathleen Reynolds, language arts program planner for the district, will be the speaker. Following her presentation, the new writing program at Glade View, Eagles As Authors, will be introduced to the staff.

Raider Log

By Alexa Lutz
Mr. Daniliev's honor's Economics/Junior Achievement class at Glades Central will begin its Business Basis program on Thursday, Oct. 13. The

program involves four students: Letecia Longoria, Vanisha Brown, Nael Shanti and Alexa Lutz.

These students will go to Belle Glade Elementary for the next six weeks to teach fifth graders a 45-minute lesson in Economics. Student teachers prepared by attending a seminar at Palm Beach Junior College.

Honor Society were elected at the last meeting on Thursday, Oct. 6. They are: president, Vanisha Brown; vice president, Michon Wiggins; secretary, Zanora Rios; treasurer, Roger Williams; parliamentarian, Jose Olgin; and, historian, Alexa Lutz.

Cynthia Brown is the sponsor. Friday is a fall holiday. Students get the day off!

The Nu Beginnings performed at Rosenwald Elementary School last week to promote the school's reading program. Students were entertained by the young group (ages 14-17) and they also received good advice on reading and reading with a purpose. Principal Earlyne Harrell said the program is going great and her students are really excited about reading. At the conclusion of the performance, the group took time out to pose with the school's safety patrols.

Obituaries

Hanford

Mary E. Hanford died Saturday, Oct. 1, 1994. Born Jan. 18, 1962 in Belle Glade, Ms. Hanford attended three public schools in Belle Glade. She was a 1980 graduate of Glades Central High School and a 1984 graduate of Florida Memorial College, Miami.

She is survived by her mother, Cora R. Hanford of Belle Glade; sisters: Valerie Hanford, Olivia Butts, Vanessa King and LaWanner McClain; brothers-in-law: Samuel King and Arthur Butts; brothers: Billy and Jeff Hanford, Timothy and Ralph Anthony Hanford, Ralph Jr., Castadel, Cartright, and William Hanford; sisters-in-law: Yvonne and Mary Hanford, Lorraine McClain and Elaine Hanford; grandmother, Mary E. Harris of Belle Glade; grandfather, James Ross; step-grandmother, Aileen Ross of Miami; grandfather, Isaac Bayral of New Jersey; aunts: Mildred Brown Chapman, Brenda Byrd Smith and Wanda William of West Palm Beach; Edna Harris Kelly of Tennessee; Andrea Mae Ross of Atlanta, Ga.; Regina Ross, Nettie Ross, Irene Harris, Ethel McClendon, uncles: Robert Hanford, Nathan Chapman, Walestine Brown, Ronnie Harris, and Julius Henry of North Carolina; special friends: Vince and Carolyn

Garvin, Darlene Bolden Funderburk, JoAnn Laws and Sandra Harold; and, many nieces, nephews, cousins, great aunts and many friends.

Services were held Saturday, Oct. 8, 1994, at the National Guard Armory, Belle Glade. Interment was held at Foreverglades Mausoleum Gardens, Inc.

Arrangements were under the direction of Miller Mortuary.

Demezier

Arnold W. Demezier died recently. Born Jan. 6, 1942 in Gonaue, Haiti, Mr. Demezier attended the public schools in Haiti.

He is survived by his children: Wilder Demezier, Verna Demezier, Frantz Arnold Demezier and Geneor Demezier, Alexi and Alpo Demezier, Vonette, Yvette, Real and Yvens; brother, Phedre Demezier of Gonaue, Haiti; sisters: Geanine Demezier of Belle Glade; and, Paulette Demezier of Miami; favorite cousin, Aly Demezier, Paul Demezier; and, many other relatives and friends.

Services were held Saturday, Oct. 8, 1994 at St. Phillip Benizi Catholic Church.

Arrangements were under the direction of Miller Mortuary.

Doling

Thurla Maloy Doling, 74, died Oct. 3, 1994, following an extended illness. A native of Baker, she had been a resident of Fort Pierce for three years. Mrs. Maloy grew up in a pioneer family in the Pahokee area, and she graduated from

Pahokee High School. She had worked as an auditor and enjoyed traveling and sailing. She is survived by her husband of 46 years, John Doling of Fort Pierce; daughter, Jan Doling Tye of Kissimmee; son, James Doling of Tampa; sis-

ters: Annie Merle Carter of Pahokee; Mallie Swayne of Clewiston; Jessie Stowers of West Palm Beach; Willett Landers of Holmes Beach; Evelyn Molloy of Beach Grove, Tenn.; and four grandchildren. Private funeral services

were held. Arrangements were under the direction of All-County Mortuary, Lake Worth.

Memorial contributions may be made to First United Methodist Church of Pahokee, Sunday School Building Fund.

South Florida has abundance of snakes

Snakes have been getting bad press ever since Satan slithered down a tree in the Garden of Eden. People have been "scared stiff" ever since.

A lot of those people reside in South Florida where they occasionally encounter one of the 44 different snakes found in the state. Every year, the Florida Game and Fresh Water Fish Commission's (GFC) Everglades Regional Headquarters in West Palm Beach gets hundreds of calls for help. Many of the callers came to Florida from metropolitan areas where one just never saw a snake outside of the zoo. Some of these callers are afraid for themselves or family members when encountering a snake. They want to know what to do.

In the great majority of cases the correct answer is nothing. There are only four venomous snake species in South Florida. Chances are that snake in the backyard is harmless. For that matter even the venomous species are much less aggressive than people believe.

"Hollywood films haven't helped either," said Lt. Jim Huffstodt, the GFC public information officer for the Everglades Region. "In movies, when people get bit by rattlesnakes, they die within minutes. In truth most people

will survive a rattlesnake bite. It's serious but not necessarily fatal."

Lt. Huffstodt said snakes help control rodent populations and keep the lid down on other pests. Most snakes aren't interested in people period, and do their best to stay away when humans come stomping through their backyard.

The trick is to know the difference between a venomous snake and the more harmless variety. The venomous lists includes: the diamondback rattlesnake, the pygmy rattler, the cottonmouth or water moccasin, the coral snake, the canebrake rattlesnake and the copperhead.

The canebrake rattlesnake and copperhead are not found in South Florida. The other species are not as common as they once were as humans turn wildlife habitat into condos and freeways. The snakes and other creatures of the wild have, in most cases, retreated out beyond the crowded suburbs, according to Lt. Huffstodt.

"Every day, however, people call the GFC to report a snake in their garage or backyard," he said. Unless the call concerns a direct threat to a person, the GFC doesn't send out a wildlife officer, but will provide advice on how to handle the problem.

"Our biologists try to educate callers, and make suggestions on how they can solve their nuisance snake problem," Lt. Huffstodt said. "If it is a venomous snake, the best course of action is to contact an exterminator, pest control company or a licensed animal trapper. 'What we'd like to see however, is for people to take preventative action which will protect people without destroying snakes. Our philosophy is based on learning to live with wildlife, and understanding the role of predators such as snakes,' he said.

"The bottom line in all this is education," he said. "Everyday people in urban areas kill perfectly harmless non-venomous snakes mistaking them for venomous snakes."

Alternate solutions include:

- control rodents which will attract snakes.
- remove low shrubs, boards, burrows and debris which provide a cool, dark and damp home for snakes.
- keep lawns mowed around buildings. Snakes love the grass.
- stack firewood away from houses.

The GFC publishes color brochures on venomous snakes and non-venomous snakes. The brochures are available at the GFC Everglades Regional Headquarters, 551 N. Military Trail, West Palm Beach.

Low-cost mammographies available

The American Cancer Society recently declared October as Breast Cancer Awareness Month. In support of ACS effort, Everglades Regional Medical Center is now offering mammography screening and reading of the results during October for a total price of \$50.

Women over the age of 40 and who have no known breast cancer symptoms are eligible for the screening procedure and may call the Woman's Health Care Center's radiology department, 924-5200, during business hours to schedule an appointment.

You will need to supply the hospital with your physician's name and the location for results to be forwarded.

Women with previous or current symptoms should rely on their physician's direction as to recommend tests and diagnostic procedures.

The Sun is publishing a local school sports section weekly, from now through mid-November. The following merchants are joining *The Sun*, to bring you something new:

- Barnett Bank
- Norman's Drive-thru
- Larry's Video
- Subway
- Jim Hooks Welding & Truck Equipment
- Bank of Pahokee
- Lake Hardware & Farm Supply, Inc.

- Howell Oil Co., Inc.
- Gilbert's Jewelers & Gifts, Inc.
- Badcock Home Furnishing Centers
- Bank of Belle Glade
- Foodland
- Dr. Jose R. Thomas-Richards
- One Stop Food Market

Show these merchants your appreciation for their participation in this promotion. Each merchant has a newspaper covered box in their store. Clip their ad from Section B of *The Sun*, fill it out and drop it into the box at the merchant of your choice. If you don't want to cut up the sports section, sample ballots are available at each of the stores. (See the sample below).

Each merchant will have several drawings for a very unique umbrella. Just think, the perfect solution to our Florida liquid sunshine.

The staff at *The Sun* would like to thank everyone for their support over the years, and we look forward to seeing you at the games.

Glades Central undefeated but Suncoast made the Raiders fight for the victory

Raiders off this week,
to face Clewiston Oct. 21

Tammy Jackson, Staff Reporter,
& Alexa Lutz

The Glades Central vs. Suncoast rivalry is one that has existed since there was a 4A poll, and last Friday's showdown proved to be one of the best thus far. Heading into the competition with a 5-0 record, the Raiders had to fight for the victory they brought back to Belle Glade.

Traveling with the Raiders to Riviera Beach were numerous fans who wanted to witness the outcome of the district match. The states No. 1 ranked 4A team defeated the Suncoast Chargers 23-12. But, the victory didn't come easy as the Raiders had to overcome numerous penalties.

Both teams struggled in the first half of play action. Each team's defense was forced to punt on the first two possessions. However, the Raiders were able to go into the endzone when junior wide receiver Percy Johnson caught a 47-yard touchdown pass from senior quarterback JaJuan Seider. The point-aftertry by Gerald Louis was good and the Raiders were in the lead 7-0.

Louis kicked a 22-yard field goal to give the Raiders a 10-0 lead in the third quarter.

Suncoast came back to go on the scoreboard when Charger quarterback Jerry Jerido scored on an 8-yard touchdown run. The score was then 10-6.

"I knew we were going to be scored against because our defense played too many snaps and got too many penalties," said senior offen-

sive lineman/defensive lineman Robert Newkirk. "We were in the red zone."

In the fourth quarter, the Raiders were down 12-10 and fighting vigorously to remain undefeated. They struggled to overcome the deficit and scored two touchdowns in the last six minutes.

Senior tailback James Jackson scored a touchdown on a 17-yard run. "On this run I had my starting line back and it made all the difference—Jarman Green at guard and Newkirk at tackle," said Jackson. "They opened up the hole and I went through. I was so happy because we were behind for the first time this year and now we were ahead."

Johnson contributed to the win by adding six points to the scoreboard when he caught a 35-yard touchdown reception from Seider. "There was a lot of pressure on me

because it was forth down and we were behind. I saw it coming through the middle so I went for it," said Johnson. "It was my most important touchdown of the year."

With this win, the Raiders record now stands at 6-0. Their district record is 3-0.

This week, the Raiders won't see action as the team is off. They will return to action on Friday, Oct. 21, "big."

where they will meet district competition against rivals Clewiston Tigers. Glades Central will travel to Tiger Territory where the 7:30 matchup is sure to be a contention of who is the best team in the Glades.

According to Glades Central Head Coach Milton Watson, "We're going to bounce back and hopefully win big."

Coming next week:

Exclusive feature on Glades Central vs. Clewiston competition. What do the teams expect and how do the Raiders plan to remain undefeated?

VS.

The Pahokee Blue Devil cheerleaders were unable to strut their stuff last week because their team had the week off. The Blue Devils will return to the field tomorrow when they travel to Suncoast.

Gators win big over Kings Academy; headed for district matchup against rival Moore Haven

Glades Day School Gators remain undefeated after last Friday's 35-0 win over Kings Academy. The Gators are still ranked number 1 in their district.

Running back Jeff Goodale scored three touchdowns and rushed for 203 yards on 16 carries.

Farris Shatara scored one touchdown on an 11-yard pass from quarterback

Jackie Garrett.

Danny Scott went in the endzone for the final Gator touchdown of the night.

Glades Day will face district rival Moore Haven Terriers Friday night in Moore Haven.

The Terriers are 5-1 after last week's 32-21 loss to Westminster Academy.

loss.

Last year the Gators

defeated the Terriers 40-16 and are hoping for a repeat.

Some of the Terrier players to watch for are Gilbert King, Leroy Myers and Willie King.

The Terriers have a lot of speed and Myers has carried for 1,012 yards so far this season.

Kickoff for district action is 7:30 p.m. in Terrier territory.

We've got spirit, yes we do, we've got spirit, how about you? Gator cheerleaders have what it takes to cheer their team on to a victory.

GDS Junior Varsity continue to upset opponents

Junior varsity competition remains intense as the Gators remain undefeated. Their latest victory came when they shut out Kings Academy 26-0.

With the defense recording their fourth shut out in as many as five games, the Gators will face Benjamin Thursday at Gator field.

Heath Norman rushed 14 times for 101 yards, and was able to score two touchdowns for the Gators. The touchdowns came from a 78-yard punt return in the second quarter, and a 37-yard run in the fourth quarter.

John Courson rushed 15

times for 72 yards. He is credited with one 2-point conversion in the second quarter.

Daniel Mills rushed 13 times for 65 yards. He scored a 4-yard touchdown in the second quarter.

Norman completed three of five passes for 70 yards.

Jahmar Marriott grabbed two passes—one being a 13-yard pass reception in the third quarter from Norman.

Justin Hamilton caught one pass for 45 yards, and Michael Throop scored on a 2-point conversion reception.

Pablo Sanchez made five

tackles and had seven assists. He also had one interception.

Matthew Snow had four tackles and six assists.

Todd Griffin contributed with five tackles and two assists.

Lane Crews had three tackles and three assists, and Justin Hamilton had two tackles and four assists.

Billy Rimes had one interception for the Gators.

The Baby Gators will be at home today where they will take on Benjamin. The Gators have already defeated Benjamin already this season.

Former Morris Brown manager now cornerback

Belle Glade youth goes from equipment room to football field

Roosevelt Blackman
Earnest Reese
Atlanta Journal/Atlanta
Constitution

You never know where

you're going to find a good cornerback.

Morris Brown coach Greg Thompson found one in his team's equipment room. A year ago, sophomore Roosevelt Blackman, a non-recruit from Belle Glade, was trying to make room and board and tuition ends meet, by working as an assistant equipment manager.

"He was washing socks and jocks," said Coach Thompson.

However, in a close-

watched matchup on Labor Day, he intercepted two pass-

es, recovered two fumbles and forced another. "He caught my attention one day when I was throwing the ball," said Coach Thompson. "It didn't matter how far I threw it, he could get it - sort of like Deion Sanders."

So, unlike other brothers Leonard, Lionel, Lorenzo and LeMorris Camel, all former scholarship players at Morris Brown College, Blackman was walked on. It beats being back home working with his father - who happens to "be a grave digger or something related to funeral homes," Coach Thompson said.

Pahokee to face Suncoast tonight

Pahokee Blue Devil gridders have worked hard all week to get psyched up to meet the Suncoast Chargers. Friday night, The Chargers will host the Blue Devils for their homecoming game.

Several players and coaches traveled to Suncoast to observe the Raiders and Chargers.

Coach Al Sutton mounted a successful attack against the Raiders during the first half but were unable to hold them off the

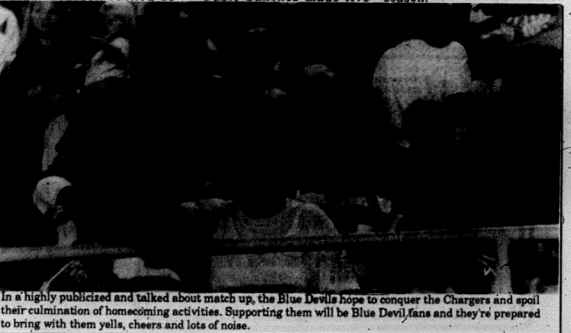

fourth quarter.

Pahokee quarterbacks feel their receivers are quicker and should be able to pass on them.

"We all know if we aren't careful Coach Sutton will strategize and beat us," said Coach Govan.

The Blue Devil team looks forward to seeing many fans.

The PHS JV team defeated the Suncoast Chargers 40-18 last Thursday night.

In a highly publicized and talked about match up, the Blue Devils hope to conquer the Chargers and spoil their culmination of homecoming activities. Supporting them will be Blue Devil fans and they're prepared to bring with them yells, cheers and lots of noise.

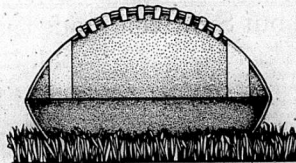

Can you spot the banker in this ad?

If there's one thing that makes a Barnett Banker want to jump up and down, it's competition. And rightly so. Because the spirit of competition is what made Barnett Bank what it is today. It's the reason we practice hard at the little things that keep our customers happy. And it's the reason we wholeheartedly support athletic competition. Three cheers for the athletes, coaches, and fans who make it all possible.
